1. Platform status

Buried Beneath is a technology platform for metal detecting event discovery, booking, administration, communications, attendance and related tools. It does not itself grant land permission, organise independent digs, certify legal compliance, provide insurance, provide professional legal/tax/safety advice, determine ownership of finds or guarantee the accuracy of user-supplied information.

2. Third parties

References within the Platform to NCMD, FID, the Portable Antiquities Scheme, Finds Liaison Officers, Stripe or other third parties are descriptive only. Unless expressly stated, Buried Beneath is independent of and is not endorsed by or acting on behalf of those organisations.

3. User compliance

Users remain responsible for complying with the law applicable to their activities, including current treasure/heritage requirements, landowner agreements, access restrictions and event safety obligations.

4. Mandatory rights

If any provision of this legal suite conflicts with a mandatory legal right, the mandatory legal right prevails and the remaining provisions continue to apply so far as lawful.

This document forms part of the Buried Beneath Platform legal suite and should be read with the other policies applicable to the relevant feature or transaction.
