### 1. Nature of event risk

Metal detecting events may involve uneven ground, holes, mud, water, livestock, crops, fences, machinery, vehicles, weather, remote locations, limited mobile signal, sharp objects, hazardous finds and other risks. Participants must exercise reasonable care and follow lawful Organiser/landowner instructions.

### 2. Responsibilities

- Buried Beneath does not inspect event land or approve its safety.
- Buried Beneath does not conduct the event risk assessment or provide emergency cover.
- The Organiser is responsible for event safety management and communicating site-specific hazards.
- Detectorists are responsible for their own conduct, equipment, clothing, fitness, insurance where required and compliance with event rules.
- Dangerous or suspected unlawful finds must not be handled where unsafe; appropriate emergency/police/heritage guidance should be followed.

### 3. Legal limitation

Nothing in this disclaimer excludes liability that cannot lawfully be excluded. References to participation 'at your own risk' do not remove any statutory duty or liability that the law does not permit a party to exclude.

This document forms part of the Buried Beneath Platform legal suite and should be read with the other policies applicable to the relevant feature or transaction.
